You an the ringer yes they are for hot dishes. I sald her 3 or 4 sets since she made mine. she said she would like to come over to see mather of dad but it fest sean There is always some thing but thinks she will came over and stay a play. There did do so mutch hand work. she sure is good with Will Hazel they tell me that there is too be 13 or 14 squils married from the stare this summer. The next thing is the put a rank cathiet or a fishe later as assty. byer. and she sure thinks she is furt The next thing is anna Juin Duingler the buly byer was sak ask to take a vacation till she is in better health. The nest or werse is that Christine Haller and the store doctor is on the carpet again his name is Reed. ihe is married and has a nice home any a wif that finished money for him to finish school and since there he as her taken Christy once and there she go back by promisting she nauly mut go out any one more with him and thou know she and him never stoped going out at all he had to pay 50.00 a month and sent his mil word he could not pay her this money as he did not have it to spare so his wif did not say any thing but last who followed him in her car is christy's. home that

Hand he blow the harm and Christy come out and steped in and he started the motor and his wif wolked up a steped on the runing board and when the ear started thristy pushed her off any she got her head out and pretty budly hust and left her lay on the street so some of the neighbords pecked her up and put her in her ear and took her to the haspital. so the Dr. and Christine 4. are both out on heavy ball the Dr. is 20,000 + Christonie is 15. one bale and she is pretly bad wered. they are to aparas a count.
